

# GIVE A BOOST TO YOUR CSR TRANSFORMATION

CSR strategy | Reporting | Carbon management | Change Management | Trainings

# Qui sommes-nous ?

## We assist economic organizations

- to manage their challenges in terms of Corporate Social Responsibility (CSR)
- To implement their sustainable development strategy and specifically on change
- To pilot their progress with relevant extra-financial performance indicators

## Our DNA

« At the crossroads of carbon engineering, CSR expertise and accounting, the founders believe that linking social and environmental issues with economic performance is a must for all companies today »

Jean-Baptiste Cottenceau – Sustainable Metrics  
Marc De Prémare – HAF Audit & Conseil  
Alain Grandjean & Jean-Marc Jancovici – Carbone4

## Our Network

- Crowe Global : 8th global audit and accounting network; a global signature recognized for its methods and independence
- Engaged with Carbon professionals : APCC
- Committed to the CSR profession : Global Compact, Obsar, Consult'in France

## Our Commitments

Sustainable Metrics is on the podium of the Global Compact trophies and is committed to

- Sustaining our ability to influence and innovate CSR in the long term
- Guarantee the transparency and the ethics of our services
- Manage operations and HR in accordance with the purpose of our missions
